Glass is expected. Wire is intentional.
Flat wire grilles add instant character—texture, depth, and a custom feel that elevates bars, uppers, and feature cabinets. It's the kind of detail that upgrades a space without trying too hard and makes cabinetry feel truly designed, not standard.

The Intrigue 5-Piece door design offers a sophisticated and contemporary look, perfect for modern interiors. It features a 5-piece construction that includes various door styles, mortise and tenon joints, and accent doors, all crafted with precision. The use of thermally textured surface (TTS) doors adds a unique tactile dimension, enhancing both visual and physical appeah of the Natural Carini Walnut finish.

CRP-10 is bold by design. Clean lines. Strong edges. Zero filler. This modern cabinet door is made for clients who want their space to feel intentional, architectural, and anything but ordinary. Simple, striking, and unapologetically custom.

Tub Reface

What to know:

🚿 Plumbing May Need Replacing

Remove and replacing fixture's may also leave holes in areas around the old faucet was

🧱 Hidden Water Damage Is Common

Behind the surround, we frequently find mold, rot, or damaged drywall.

🛠️ It’s Not a Full Remodel

Refacing updates surfaces — it doesn’t change layout or structure.

💰 Change Orders Can Happen

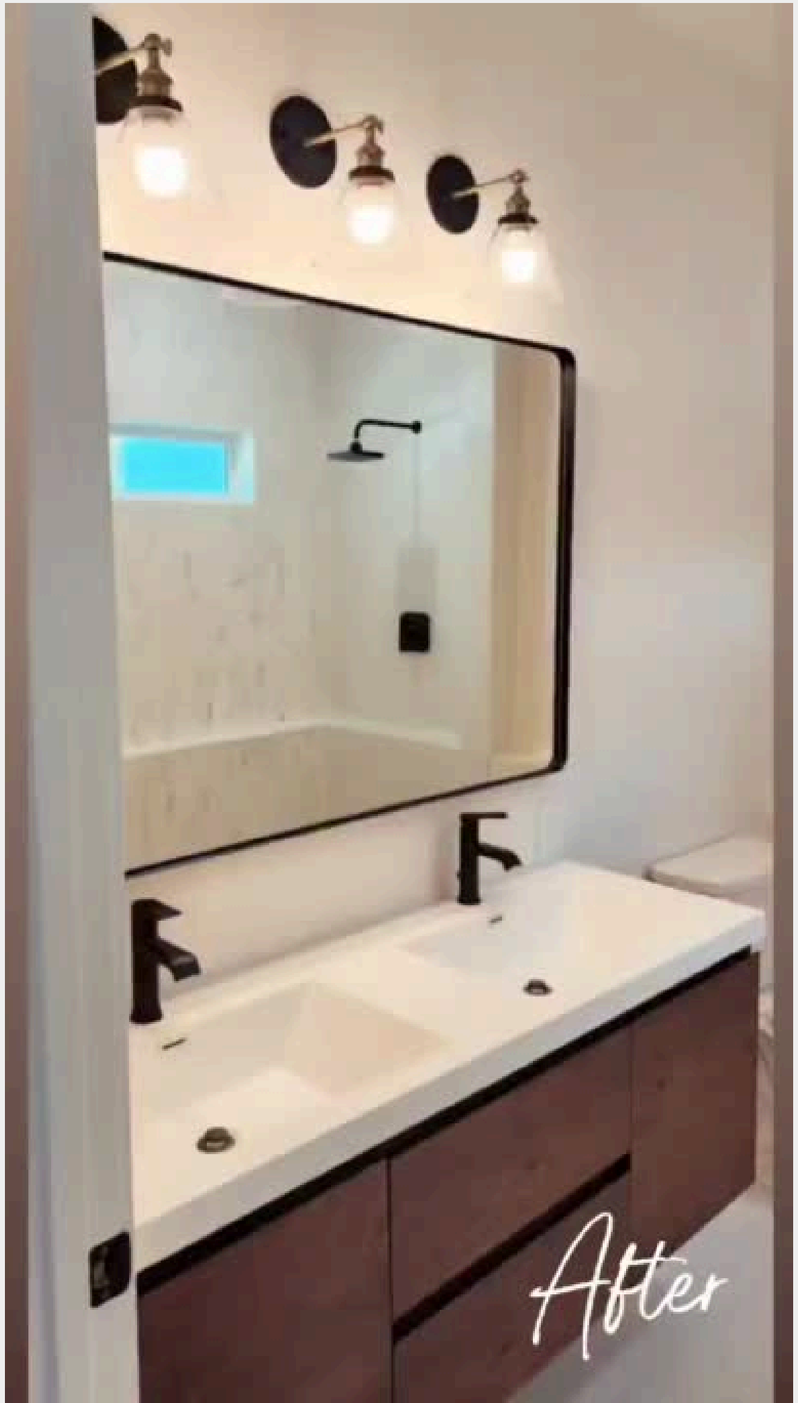

Concealed issues inside walls may affect fi nalcost.

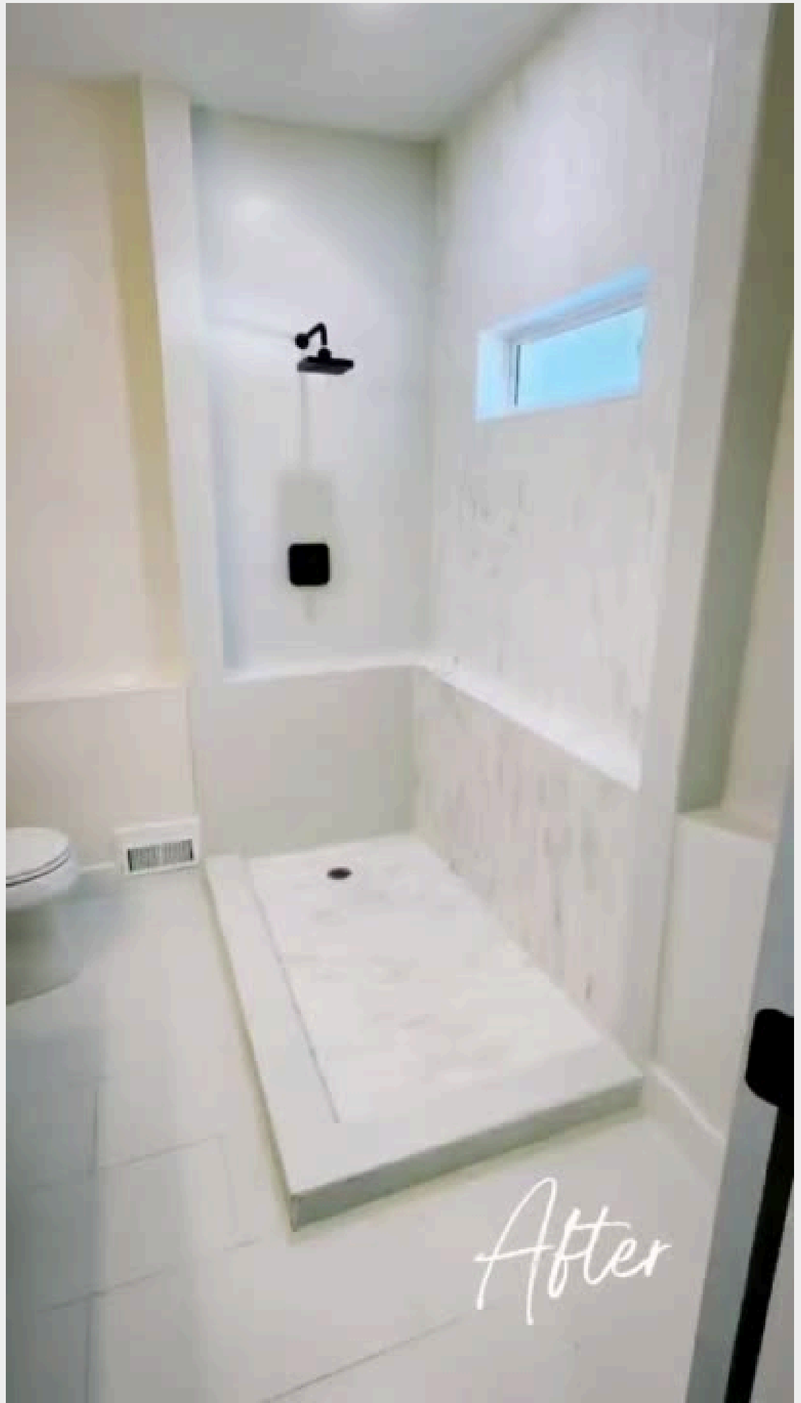

🧴 Surface Prep Is Everything

Proper prep ensures the new surface bonds and seals correctly.

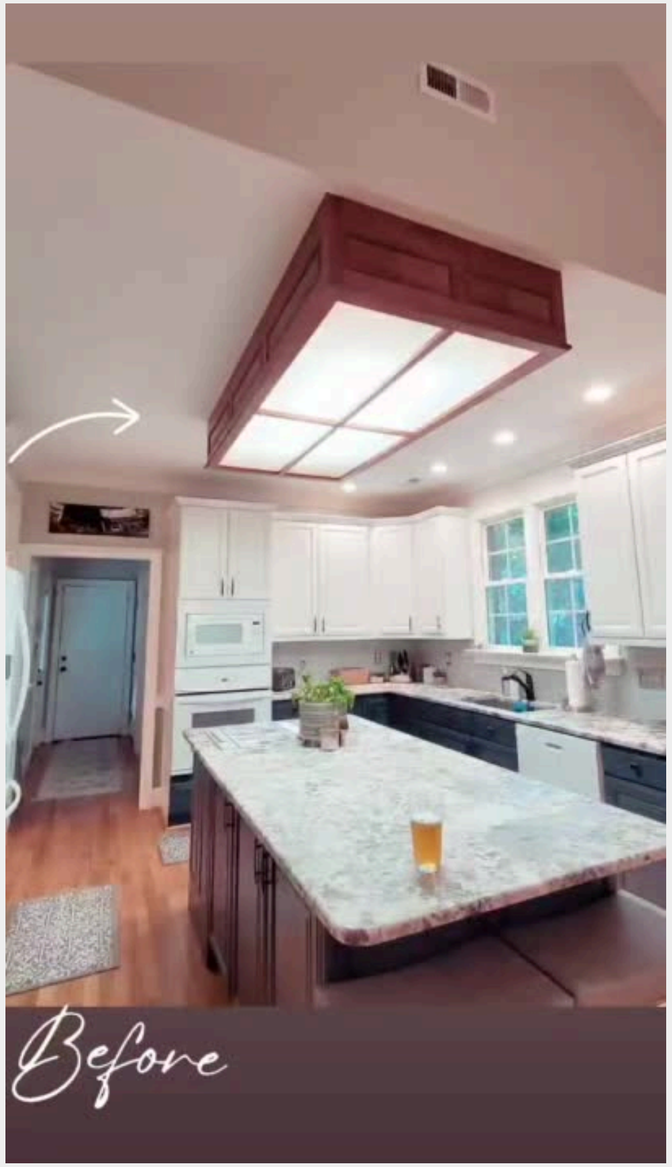

🏠 Quality Determines Value

A properly installed reface adds appeal and does save clients money*
